The
WorkShop
FACTORY

"The Workshop Factory" intenta plasmar en cada una de sus piezas cerámicas una gran cantidad de diseños, tendencias, colores y gráficas. Todas ellas nacidas del propio diseño interno o del diseño adquirido externamente tanto de grandes diseñadores como de los pequeños artesanos prácticamente desconocidos. Intentando siempre que nuestra cerámica sea la principal protagonista de todos y cada uno de nuestros eventos, presentaciones y colecciones.

Llamar la atención con lo que mejor sabemos hacer, plasmar en cerámica todas las ideas y tendencias detectadas y desarrolladas. Y todo ello con la mejor presentación y puesta en escena que somos capaces de desarrollar para mostrar nuestros fabricados cerámicos. Nuestro diseño es nuestra cerámica, nuestro diseño es nuestra única marca, siempre poniendo a prueba nuestra capacidad para dibujar el futuro.

"The Workshop Factory" always tries to translate into its own ceramic pieces a great quantity of Original Designs, Trends, Colours and graphics. These are brought by our Design Lab, Great Designers or even Local Craftmen from all over the world. Our Tiles are definitely the main character in our events, presentations and collections.

Catching Your Eye is what we do best, with translating into ceramic all the Trends that have been previously detected and properly developed. And all this with the best presentation and staging we can offer. Our design is our Tile, our Design is our one and only Brand, always testing our ability to draw the future.
